PMC Engineer: Er. Karthik , Client Representative

Structural Engineer: Er. Nagesh & Team

MEP Engineer: Er. Arul & Team

Photography Pre-shoot : Anand

Professional Photography: Awaited

Gorantla's

The Gorantla family home is an elegant luxury residence nestled in the upscale neighborhood of Anna Nagar, Chennai. Designed for two brothers with distinct tastes, the home beautifully blends contrasting styles. The first floor embraces tradition, featuring intricately carved wooden details that exude timeless charm. In contrast, the second floor showcases sleek, contemporary minimalism with clean lines and modern finishes. Crowning the home is a serene terrace space, where a stepped pavilion dedicated to Lord Krishna becomes the heart of family gatherings. Here, loved ones come together for bhajans, heartfelt conversations, and cherished memories, creating a truly soulful retreat.

Built Area: 12500 SFT

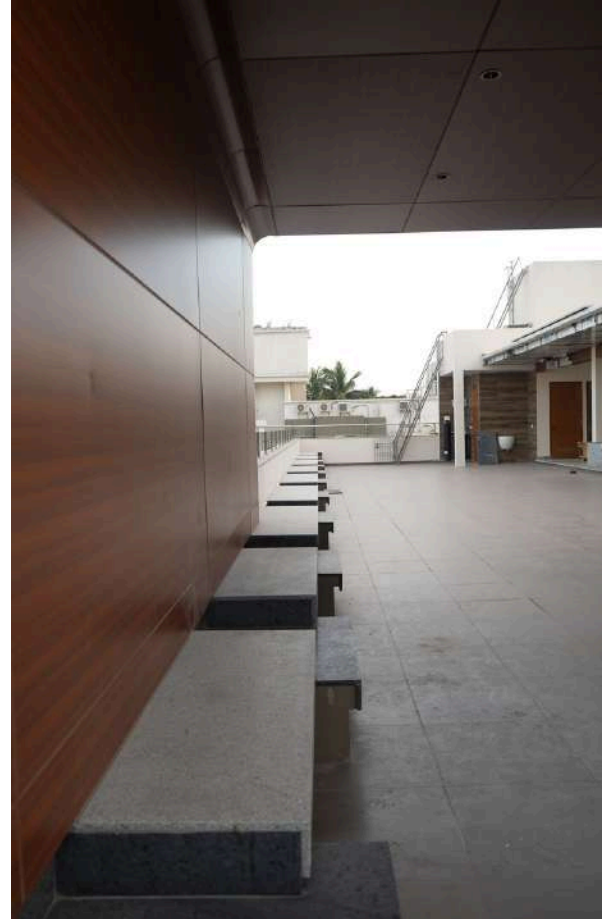

Location : Anna Nagar, Chennai, India

Style : Contemporary Modernist

Elite Luxury

Luxury isn't just about expensive materials—it's about how seamlessly beauty, comfort, and meaning come together. A truly luxurious home offers warmth, refinement, and timeless sophistication in every corner. It's not just the end result, but the experience of creating it that sets it apart.

Ravichandran Gorantla Guptaji

At Vedic Homes, every family becomes a part of our soul-led story—and F1, home to Mr. Ravichandran, Mrs. Pragathi, and their son Pranav, is no exception.

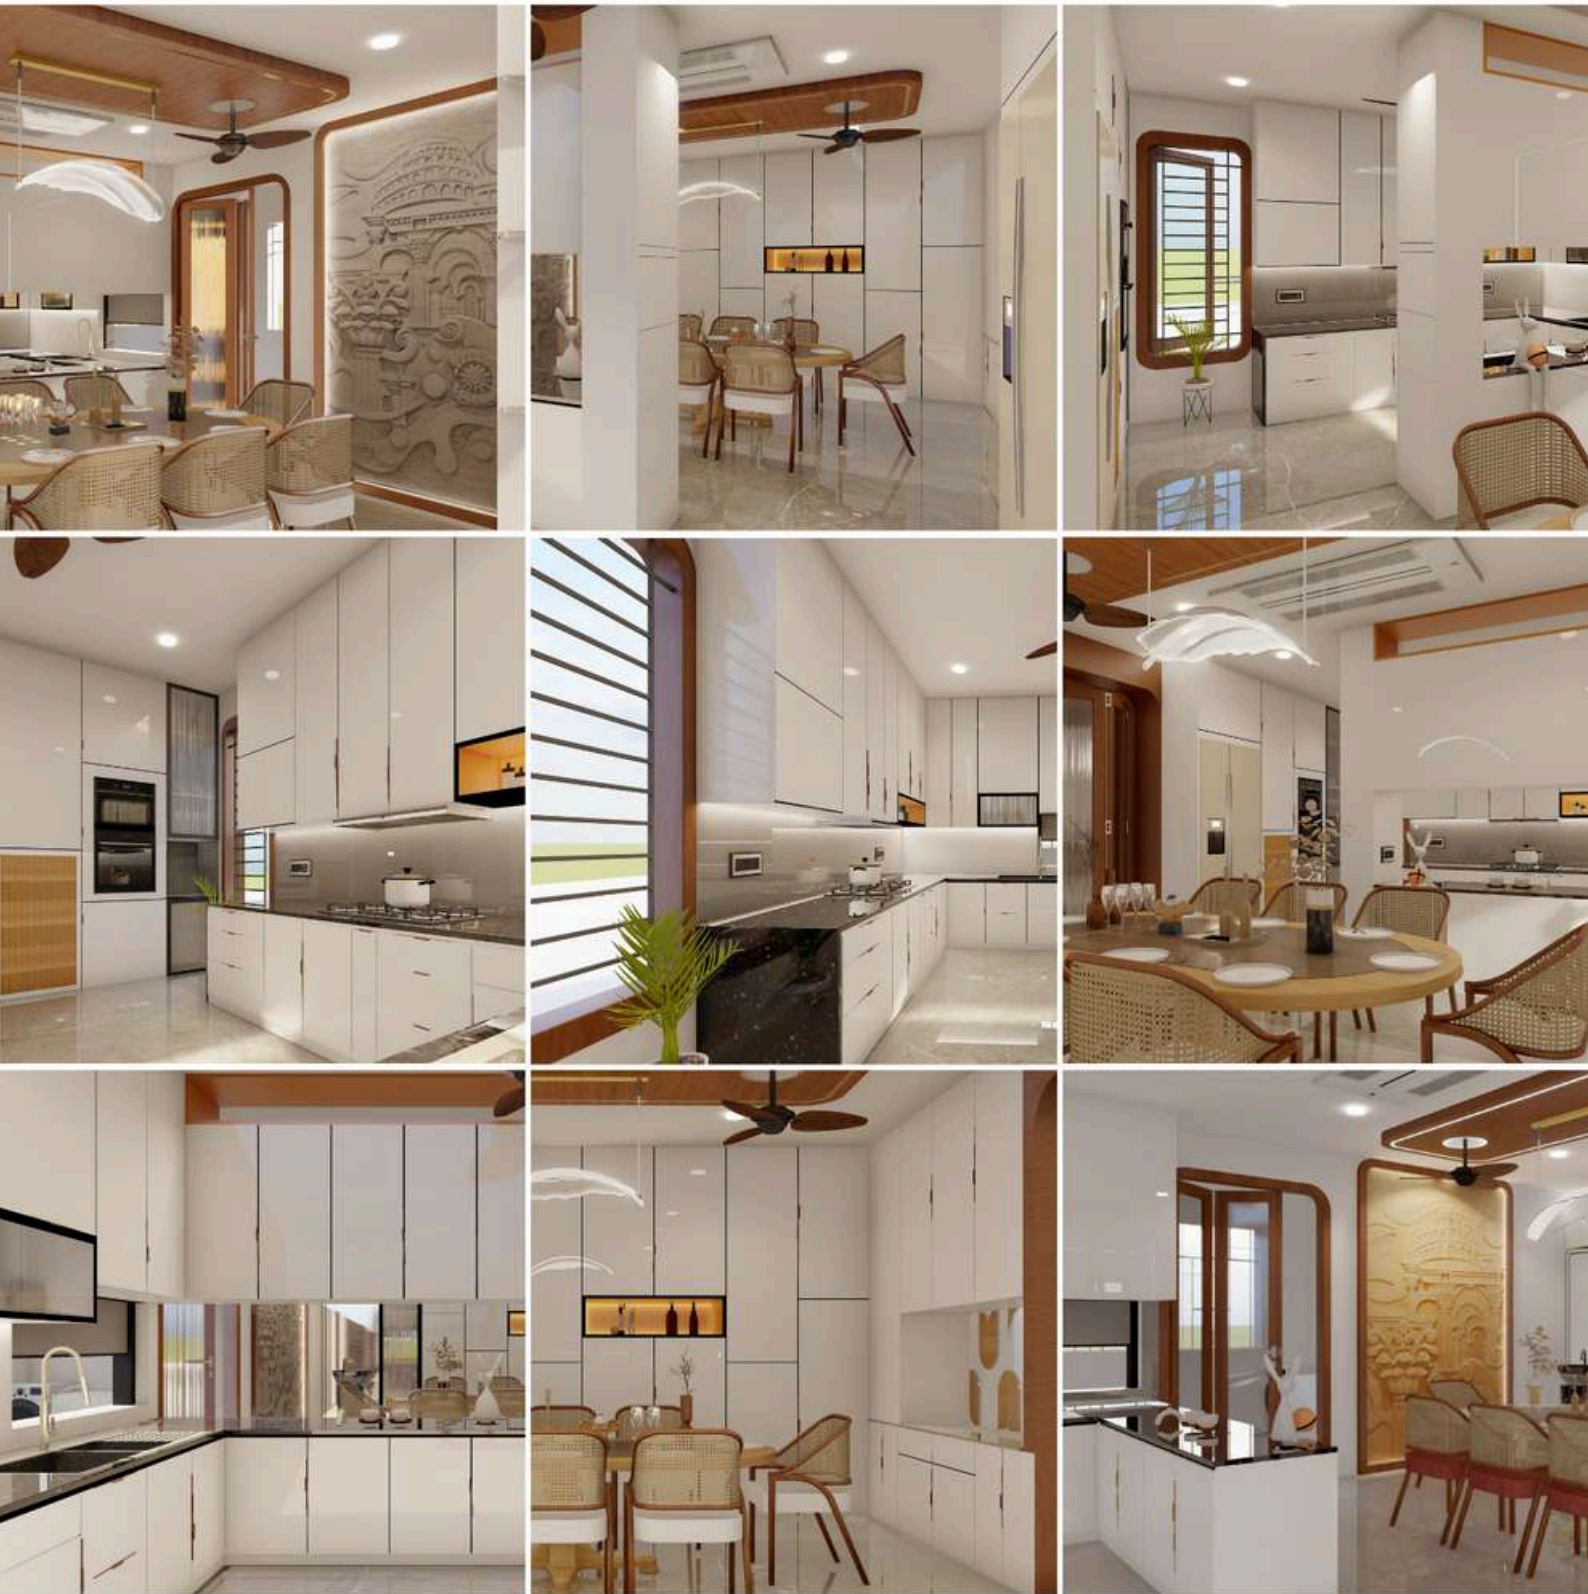

Mr. Ravichandran's deep reverence for Ganesha, shared by our Chief Architect Ms. Shashi, became the guiding light for this home. We crafted quiet, sacred nooks where his treasured collection of Ganeshas could reside—each one placed with intention, surrounded by legacy artworks woven seamlessly into the architecture.

Mrs. Pragathi, graceful and private, cherishes her moments of stillness as much as her vibrant shopping sprees. We designed a personal sanctuary just for her—a cocoon tucked away, yet part of the home's heartbeat.

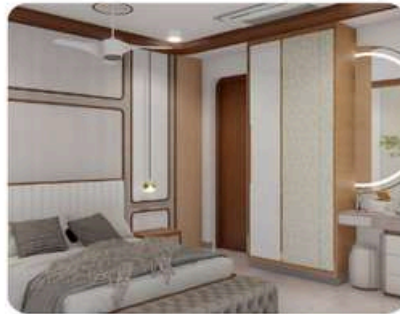

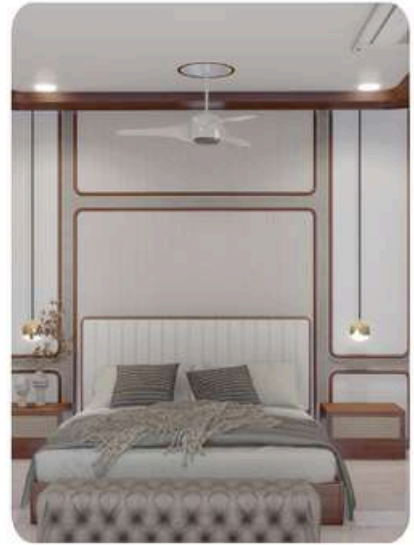

Young Pranav's love for fitness inspired a breezy, light-filled gym on the terrace, merging wellness with open skies. And because this family finds joy in nurturing life, we carved out a grand planter in the elevation and a lush terrace garden that blooms under their care.

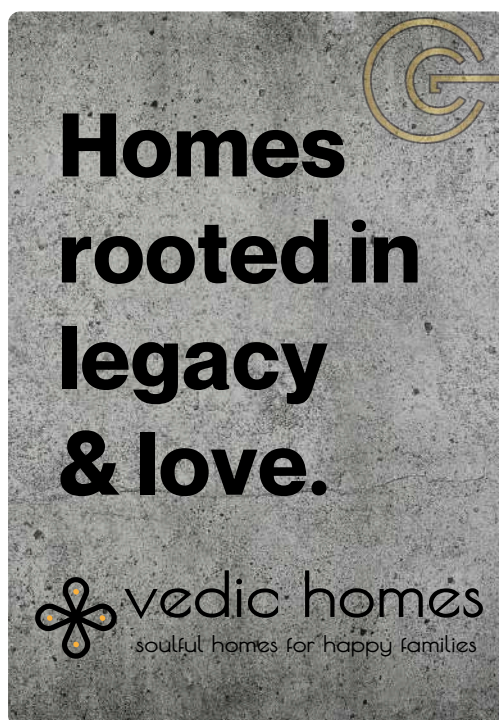

Every line drawn, every space shaped—was born from listening, understanding, and love. This is not just a home. It is a reflection of a family's spirit.

At Vedic Homes, we don't just build houses. We craft stories in brick and breath.

Ramraj Gorantla Guptaaji

Mr. Ramraj's residence, located on the second floor, is thoughtfully designed for a family of four, blending contemporary elegance with heartfelt touches. Having lived in Dubai for many years, the family gravitated towards modern aesthetics—clean lines, minimalist finishes, and intelligent functionality—creating a distinct contrast to the traditional fusion palette of the first floor.

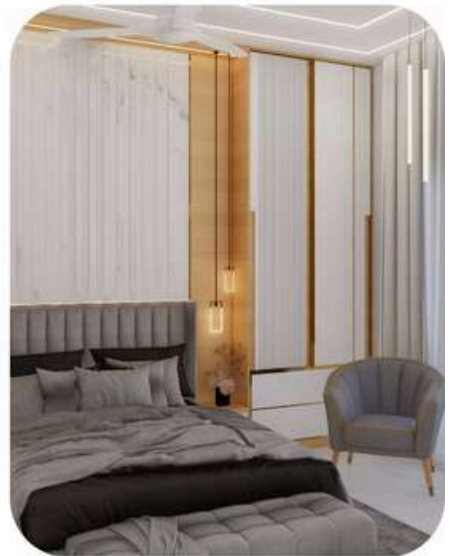

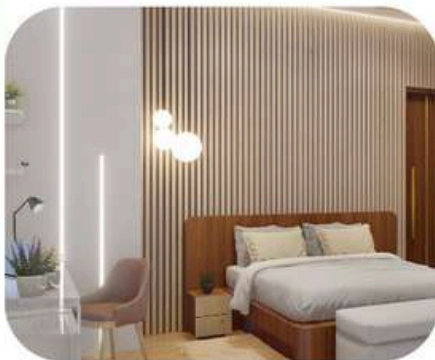

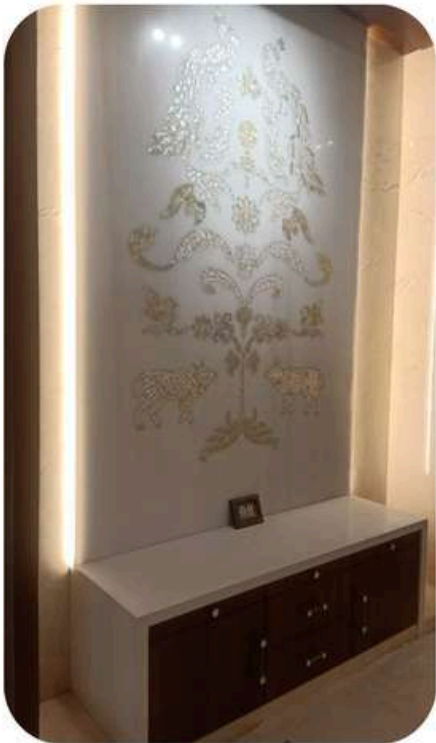

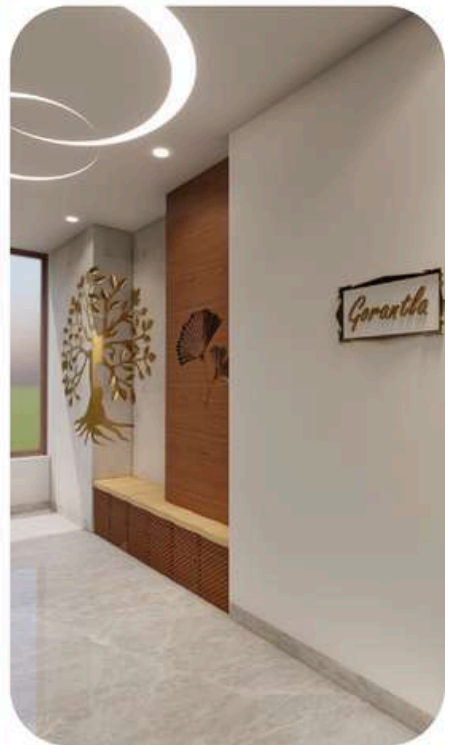

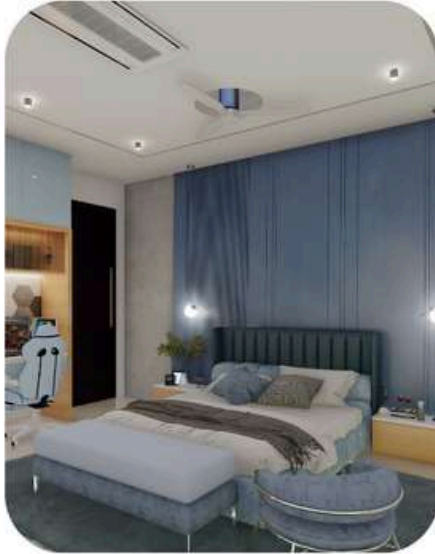

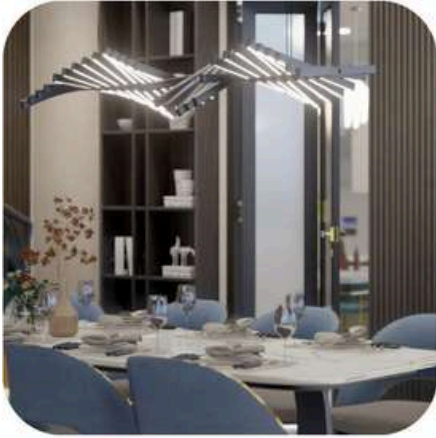

During the course of construction, the family welcomed their precious granddaughter—Shasha, affectionately nicknamed the panda girl. Her arrival brought even more warmth and joy into the home. With her in mind, several child-friendly features were seamlessly integrated—rounded corners on furniture, soft finishes, and ample play-safe spaces.

The home's soul is anchored in memory too—above the pooja room, we upcycled a beautifully carved wooden frame from their original home on the same site. Once traditional, it was given a sleek contemporary finish, weaving continuity into the modern narrative.

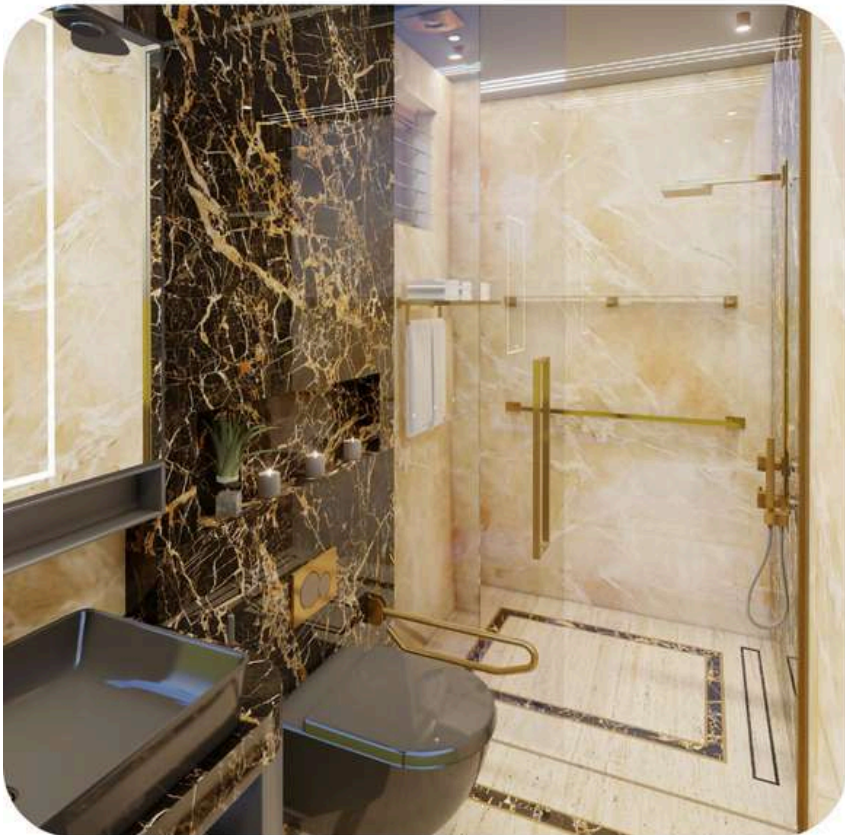

The designer bathrooms boast the latest imported tiles and fittings, offering a spa-like experience. Smart home features—including automated lighting, climate control, and security systems—enhance comfort and convenience.

Every detail in this home celebrates modern living while honouring the past and embracing the future—just like the family that lives within. A joy to design and a privilege to help build.

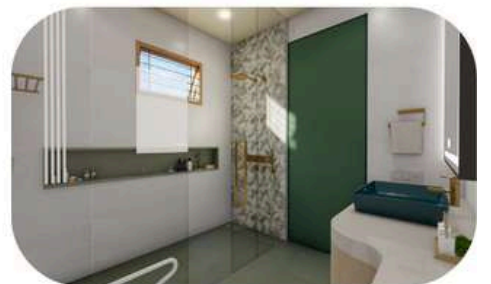

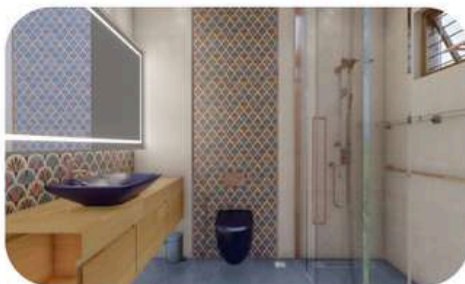

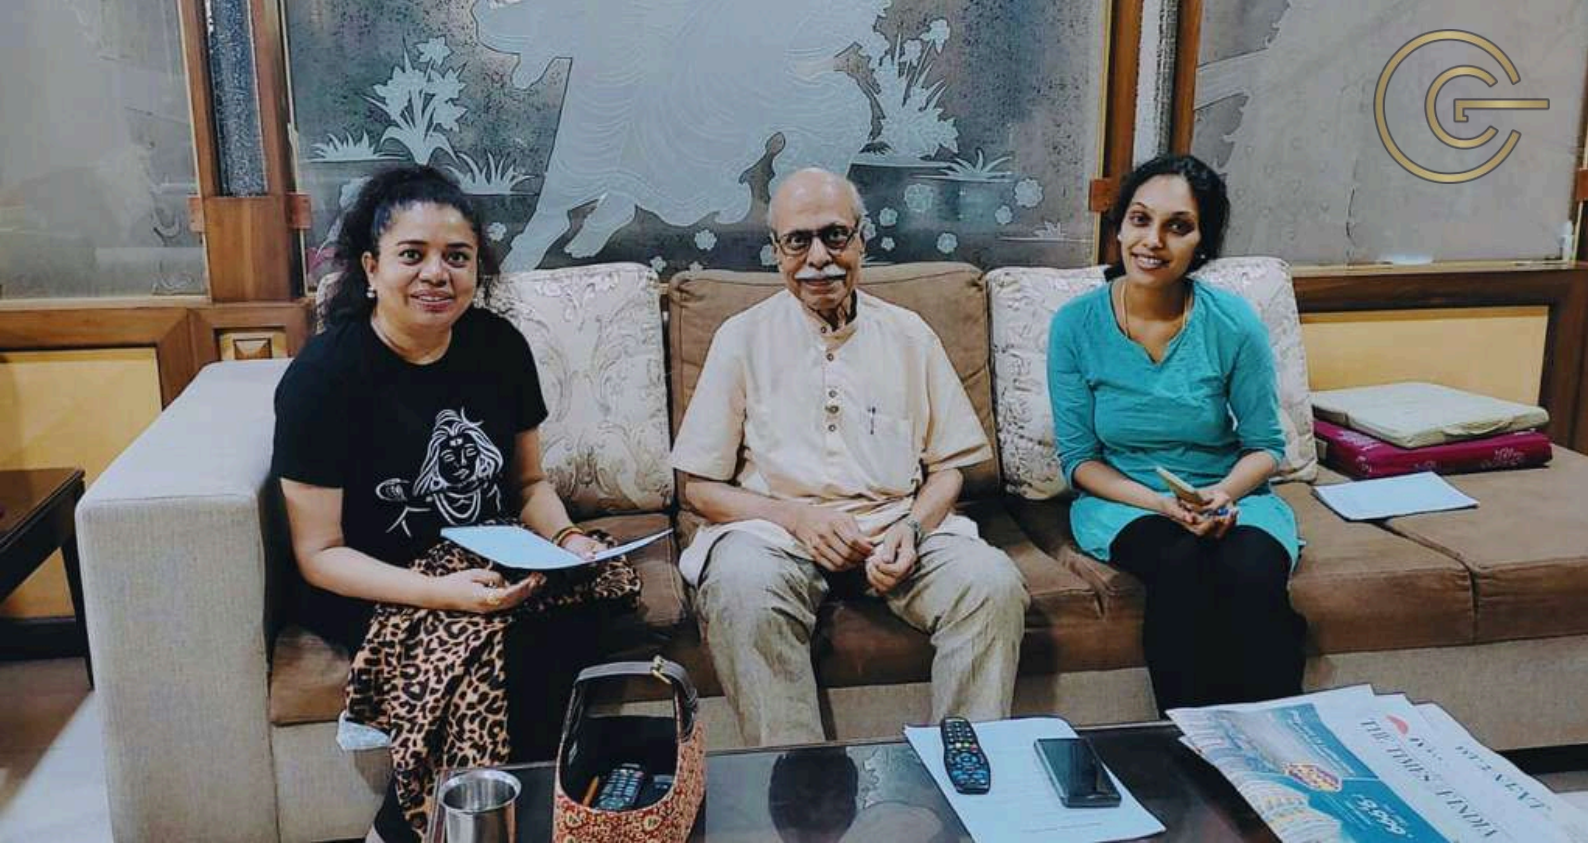

Crafted for now,
kept for generations.

Gorantla Guptaji

Guptaji is one of my favourite humans. A second-generation entrepreneur, he founded Jumbo Bags in 1990 under the Bliss Group—established in 1966. A visionary, a forerunner, and a senior member of the Rotary, he truly embodies their motto in both spirit and action.

It has been an honour and a joy to work alongside this dignified gentleman for over three years, building his legacy home for his two sons and their families. Even at 75+, before the lift was installed, he would climb eight flights of stairs—his enthusiasm for life and for this home never once wavering.

In our very first conversation, he said, “The women in the family must be happy with the home.” That single sentence became our compass. And today, seeing their joy, I believe we got it right.

To his left is his lovely granddaughter-in-law. To his right, that’s me. What a privilege it has been to envision and deliver this soulful family home.

**With love and light,
Ar. Shashi**

Legacy
begins
where
home is
built.

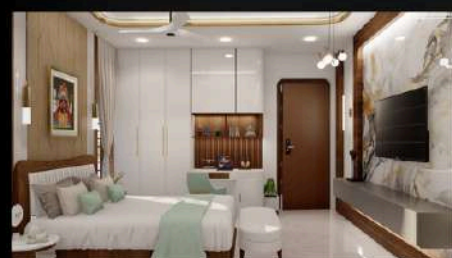

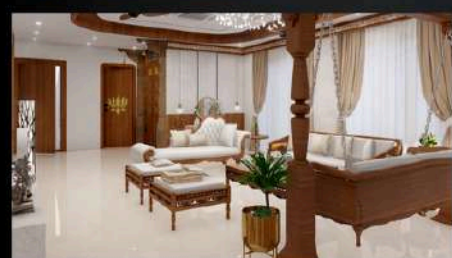

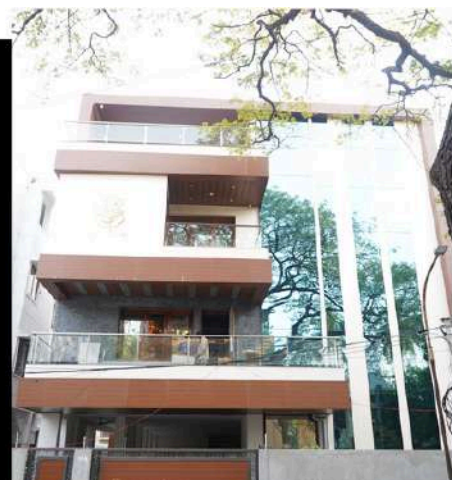

Client Love

We have immense respect for Ar. Shashi's expertise and deeply appreciate her commitment to our dream family home. Every time the contract team seeks approval, we ensure they consult her for confirmation, knowing her insights are invaluable.

Our vision for our home has evolved far beyond our initial imagination, all thanks to her. She has transformed our dream into something truly extraordinary. It is now not just a home, but a 'big dream family home', exactly as she envisioned. Her creativity and commitment have made all the difference, and we feel truly fortunate to have her leading this journey. We are so thrilled with the experience that we will be hiring her team again for our farmhouse project—a deeply personal dream of ours.
